The Committee appointed by the Town of Brookline on the order of notice from the Legislature in relation to the petition of Jere.h Lyon & others of Roxbury having attended to the duties assigned them, would now report: That the petitioners, only seven in number viz. Jere.h Lyon J. Davenport, W. H. Brown, Lemuel Foster, Mrs. Phippin, Wm. Barnard & Silas Snow, having confined their petition to themselves, in praying to be annexed to Brookline; and the order of notice from the Legislature, having embraced nothing beyond their petition, Your Committee can see no possible objection ~~to it to~~ on the part of Brookline to the granting of this prayer; excepting that of making a crooked boundary line: They would therefore recommend that the Town should by vote instruct their representatives to give the Legislature information to this effect—

Agreeably to instructions your Committee have also extended their enquiries into the circumstances connected with a prospective application for the annexation to Brookline of the whole Village, including the land ~~on this~~ and meadow on this side the brook, according to a Survey & plan recently made by A. F. Woodward of Newton; and they find the whole number of inhabitants in said Village to be ~~about~~ One hundred & Seven of which number fourteen are Children of suitable age to attend public schools.

That there is now one person among them receiving support from the Town.— and that the Amount of taxes they now pay to the Town of Roxbury is about three hundred & Seven dollars—. All which is submitted
